

DO-IT-YOURSELF WIPES AND SANITIZER KIT

Our Do-It-Yourself Wipes and Sanitizer Kit creates a ready-to-use, convenient and on-demand solution for any environment. Using Beattie's Liquid Sanitizer will create an effective Wet Wipe for sanitizing almost any surface.

FEATURES & BENEFITS

- Portable, stackable and reusable bucket to preserve contents
- Flip-top lid protects Wipes from contaminants or preventing splashing / spills
- 112 units per pallet
- Contains 160 Heavy Duty 5" x 8" Dry Wipes for a RTU Wipes application

BEATTIE'S LIQUID HAND SANITIZER

- Liquid - 80% Ethyl (Ethanol) Alcohol

USE INSTRUCTIONS

- Remove lid from bucket and set aside.
- Pour Beattie's Liquid Sanitizer on dry wipes in bucket
- Pour both bottles of Beattie's into the bucket
- Place lid back on the bucket and press firmly to secure
- Label the bucket with the product information and document expiry information clearly on the container
- Dispose of contents after shelf life expires
- Clean and disinfect container and lid as appropriate
- Dispose of wipe in trash after use. Do not flush
